## With Mary Landrieu back in the Senate next year, Louisiana starts from strength. Not from scratch

Day in, day out, Senator Mary Landrieu helps shape Louisiana's future through the battles she fights – and the fights she wins: for jobs and economic development, education reform, a strong national defense, affordable health and property insurance, better transportation, troop safety, veterans services, stronger levees, coastal protection, agriculture, local law enforcement and national energy independence.

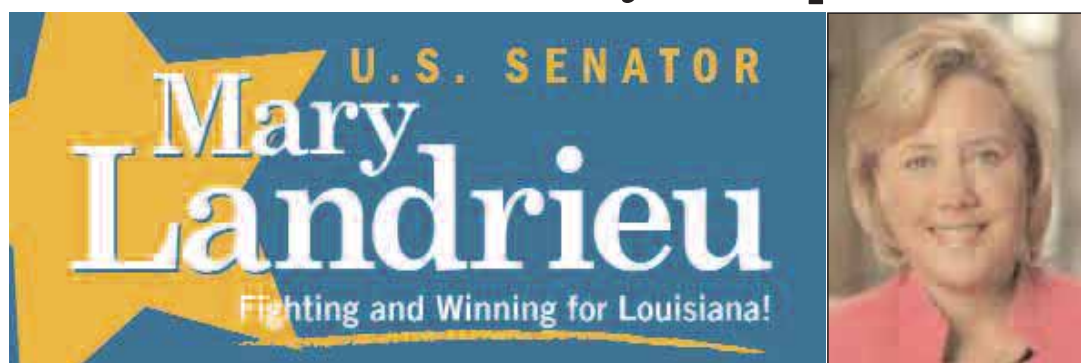

Few Senators get more done for their states. In one day last year, she won \$12 billion for Louisiana defense jobs, housing, port and levee improvements.

That's why Senator Landrieu has been rated one of the most effective members of the U.S. Senate by the nonpartisan *Congress.org*.

Louisiana is in the process of losing about half of its Congressional seniority this year because of U.S. House retirements.

That makes Mary Landrieu's Senate seniority more important to Louisiana than ever. Her position on key Senate committees – Appropriations, Energy and Natural Resources, Homeland Security and Small Business – are crucial to Louisiana's future.

## Effectiveness. Seniority. Independence.

PAID FOR BY FRIENDS OF MARY LANDRIEU

## THE JEFFERSON ALLIANCE

The Jefferson Alliance is the **ONLY** Good Government organization dedicated **EXCLUSIVELY** to Jefferson Parish.

---

### **OUR RECOMMENDATIONS:**

#### **HELENA MORENO FOR CONGRESS**

The only REAL CHANGE agent in the race. We are convinced that electing Helena Moreno for Congress will send a powerful message to America that Louisiana is fed-up with the politics of the past. We believe she will help Louisiana rise.

#### **STEVE SCALISE FOR CONGRESS**

Few elected officials are as dedicated to public service as is Steve Scalise. He has already proven his willingness to keep constituents informed and be a representative for the people he serves. He deserves a full term and will be a strong voice for us all.

#### **GREG GUIDRY FOR SUPREME COURT**

Judge Greg Guidry is the conservative choice by far. He is a former federal prosecutor with the highest ethics. We are very impressed with his credentials and character.

#### **ERIC SKRMETTA FOR PUBLIC SERVICE COMMISSIONER**

Businessman and attorney Eric Skrmetta will have the courage and commitment to keep rates low and stand up for consumers. He is a fresh face who will fight unreasonable fuel adjustment charges on our utility bills.

# **VOTE TUESDAY, NOV. 4th**

## **A REAL VOTE FOR GOOD GOVERNMENT.**

# Jim Harlan for Congress

## For Louisiana 1st

### **Hurricane protection:**

with flood gates to keep storm surges out of the entire Lake Pontchartrain basin, restoration of the Louisiana wetlands, and strong levees. Jim will fight to get the funds and support this region deserves, so we can build our communities with confidence.

### **Lowering gas prices:**

by requiring oil companies to help develop alternative fuels, and by increasing domestic oil drilling.

### **Get the economy back on track:**

by strengthening the housing market, making quality health care affordable and accessible for all, and creating more good-paying jobs in Louisiana.

**Vote for Jim Harlan on Nov. 4th**

Authorized & Paid for by Jim Harlan for Congress.
